City Analysis (Crime Index & Accidents)

1. Crime Index and Safety Statistics:
 - Mumbai, the financial capital of India, experiences a mix of crimes, reflecting its diverse population and economic activities. The crime rate, as per the National Crime Records Bureau (NCRB), is moderate.
 - Murder: The rate of murders is relatively low compared to other Indian cities, at approximately 2 per 100,000 inhabitants.
 - Robbery: Robberies, though still present, are less frequent than in some other major Indian cities. The
